BELLOWS DELEGATE TO STATE MEETING

REPRESENTATIVE FROM C. OF C. TO AGRI. BOARD CONFERENCE

COLLECTING ROAD FUND

Report of Committee Given in Last Night at Regular Meeting of Directors—$1,345 Raised.

C. D. Bellows has been appointed delegate from the Chamber of Commerce to attend the meeting of the State Board of Agriculture to be held in Jefferson City March 11. A representative from each commercial organization of the Federation of Missouri Commercial Clubs has been asked to attend this meeting at which the general policies of the board are to be discussed.

The appointment of Mr. Bellows was made at the regular Monday night directors' meeting of the Chamber of Commerce. The road committee gave a report last night of the funds so far subscribed for the up-keep of the city streets. To date $1,345 of the $1,500 needed has been subscribed and the remainder will probably be collected within the next two days.

Last year the city street fund was augmented by a private subscription fund of $1,445 to be used in keeping the roads from the pavements to the city limits in good condition and for working the city streets which are not paved.

The city funds alone is not sufficient to keep these streets in good shape and the plan used last year resulted in so much good that the Chamber of Commerce decided to put the same system in operation again this year.

Thirty thousand starving cats are rescued from London streets every year. They are painlessly killed, their skins being used for muffs and gloves.

'HOUN' DOG RACE IN THE ATMOSPHERE

UNCLE STAR CARMICHAEL ANXIOUS TO SEE THE FINALS.

SPORTS REGISTER KICKS

Col. Heifner, Homer Brown and Mart Carmichael Holding a Three-Cornered Challenge.

Mr. Editor:

We want you to pardon us for calling your attention to a condition that these hound men have gotten us in, and the cheap way they propose to get us out. We never want to get us mixed up in little family quarrels, but where the host has sent out the invitations, and have us prepare for the feast, we do not like to have the invitation cancelled on the eve of the assembling. We hate to get worked up to the pitch where we think it might be best to join the church and then have the preacher dismiss the congregation without extending an invitation.

We do not know who is to blame for the issuing of this challenge, but speaking for thousands of other sports in the county we want to ask is it fair to work us up to such a pitch of enthusiasm that we cannot leave town for fear they are going to pull off something, and then be cast down by the sudden announcement that nothing is going to happen.

And this is not the only grounds for complaint. We were to be treated to an old-fashioned fox or wolf race, a thing not to be despised in old age. It looks to us that both parties to this controversy are looking for a soft place to light. Mart Carmichael, a distant relative of ours—but we can neither spare kin nor relatives in a controversy like this—seemed to fear the law. We have never heard of any law that would prohibit anyone from fox chasing. It might be that these parties would get in jail, but we know by experience that Sheriff Dowden is free with his grub to fox hunters, and the jail might not prove to be such a penalty after all. Any way, to an old sport, they might take a chance and beat the jail sentence afterwards.

They remind us of the pitcock picking the mites off each other waiting to get a better chance to use the spur.

We think that Cousin Mart took in a little too much territory. He might have fared better to have confined his challenge to one dog. To run against a whole field was assuming too much risk and that is the reason we think he hedged.

And Colonel Heifner no doubt thinks he has the fastest dog, but so long as he sells fire insurance with an inference that he furnishes asbestos jackets to his deceased policy holders we cannot put too much dependence in him.

And Mr. Brown, we think, is out of sorts. We think there is something wrong with his carbureter. His mixture of gas and wind is more liable to bring a kick backwards than one forwards. It must be adjusted before we can trust him very far.

To one who has been traveling in high mostly for 82 years, and following closely the Zodiacal signs, will say that these races started when the sign was in the Ram, or head, and that if they had started when the sign was in Pisces, or the feet, there might have been better races. But it seems as though these gentlemen do most of their running when the sign is in Aries, instead of Pisces, and that if the controversy keeps up until the 25th of March the sign will be in Taurus, or

EDWARD M'MILLAN DIES THIS MORNING

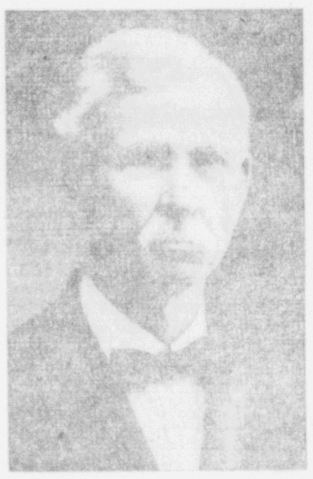
HAD BEEN RESIDENT OF MARYVILLE FOR FIFTY-TWO YEARS.

FUNERAL THURSDAY P.M.

Burial Services at Oak Hill Cemetery to Be Conducted by Maryville Lodge No. 165 Masons.

Edward McMillan, who has been a resident of Maryville for fifty-two years, died at 9:45 o'clock this morning at the family home, 314 West Third street. Mr. McMillan had been in failing health for several years, suffering with a malady which became critical about two weeks ago.

Mr. McMillan came to Maryville in the spring of 1868 and entered merchandising business. He remained continuously in business and in later years



EDWARD McMILLAN.

was associated with the late F. M. Petty in a retail dry goods business remaining here for a long period.

At the time of his death, Mr. McMillan was secretary of Maryville Lodge No. 165, A. F. & A. M. He received his Masonic degrees in 1870. On Wednesday, February 4 a Masonic banquet, in honor of the four oldest living past grand masters of the Maryville Lodge No. 470 and Nodaway Lodge No. 165 was given, in which Mr. McMillan shared the honors, as he was worshipful master of the Maryville Lodge in the early 80's. This event was one of the most interesting in the history of the Masonic lodge in which Mr. McMillan had always taken a leading part.

Mr. McMillan was born in Pulaski, Giles County, Tenn., Sept. 22, 1842. He was the son of the Rev. Edward and Mary Anne McMillan. His boyhood was spent at Gallatin, Tenn., and his early manhood at Carlinville, Ill., where his education was obtained at Blackburn College. He came to Maryville in the spring of 1868. In February, 1873, he was married to Miss Mary Vance Prather, a member of one of the most prominent families of the county. Surviving are the wife, a son, Edward McMillan, Jr. and a daughter, Miss Maud McMillan, a teacher in the high school at Milwaukee, Wis. A son, Dr. Paul McMillan of Chicago, died four years ago. There is also surviving three brothers and one sister. They are Dr. Duncan McMillan of New York City, Mrs. Joseph A. Dement of Murphysboro, Tenn., Joseph S. McMillan of Walla Walla, Wash., and Judge Henry G. McMillan of Salt Lake City.

The funeral services will be conducted at the home Thursday afternoon at 2:30 o'clock by the Rev. R. E. Snodgrass, pastor of the First Christian Church. The body will be buried in Oak Hill cemetery beside that of the son and the burial services will be in charge of the Masonic order.

Miss McMillan was summoned from Milwaukee a week ago on account of her father's illness, and Dr. McMillan of New York has been here several days.

Miss Helpley Leaves.

Miss Martha Helpley resigned her position as cashier with the Woolworth store Saturday night and will go to St. Joseph this afternoon where she will be a guest of friends the remainder of the week. From there Miss Helpley will go to Clayton, Ill., where she will be a guest for some time of her aunt, Mrs. Irwin Kinnella. Miss Bertha Parrish has succeeded Miss Helpley as cashier of the Woolworth store.

Harvey Lucas of Burlington Junction spent Sunday in Maryville the guest of Mr. and Mrs. George Lucas.

PLAN R. C. RELIEF FOR EUROPEAN COUNTRIES

Will Extend Voluntary Relief Work Among Starving and Diseased Population in European Countries.

Geneva, March 9.—Acting upon an appeal by Arthur J. Balfour as president of the council of the League of Nations, the board of governors of the League of Red Cross societies, in session here, passed resolutions declaring for the extension of voluntary relief work among the starving and diseased populations of central and eastern Europe, provided that the essentials of food, clothing and transportation previously be assured these peoples through governmental action.

Sir Arthur Stanley said that Henry Davison had informed the board of directors of a contribution from the American Red Cross of 250,000,000 for investigation purposes, and that this money could be used in carrying out the preliminary studies in accordance with Mr. Balfour's request.

In his letter to Mr. Davison, urging action by the Red Cross organizations, Mr. Balfour pointed out that the ravages of disease had reached appalling proportions in central Europe and that medical appliances and medical skill were lacking to cope with the horors that ha dto be faced.

Mr. and Mrs. F. M. Compton went to St. Joseph this morning to spend the day.

W. N. Deatherage went to Kansas City this morning on a short business trip.

Judge Jesse Robertson went to St. Joseph this morning on a short business trip.

Robert Graham of Conception Junction was a Maryville visitor today.

LIQUOR REVOLT IN FULL SWING

EXPECTED CRISIS AT NATIONAL PARTY CONVENTIONS IN JUNE.

SUPREME COURT HEARINS

State Attack on "Dry" Law Being Heard—Others to Follow Lead of Rhode Island.

Washington, March 9—A nation wide liquor revolt is in full swing, just how serious cannot be estimated at present, but both "wets" and "drys" admit it will culminate in a crisis at the national party conventions next June.

Rhode Island's legal attack on the prohibition amendment to the federal constitution was argued in the supreme court yesterday, assailed by the complainants as revolutionary and an invasion of state's rights, and defended by the government as a legitimate addition to the nation's basic law over which the court held no jurisdiction.

Throngs attended the session of the court to hear the arguments of one of the burning questions of the day. Many persons waited outside the doors throughout the morning to obtain admittance.

Herbert A. Rice, attorney general of Rhode Island, opened for the opposition and William L. Frierson, assistant attorney general of the United States, replied for the government. Other arguments will be heard tomorrow, as well as appeals from Kentucky and Massachusetts involving the same questions.

Mr. Rice charged there was in progress "a constitutional revolution through amendments."

"I see more danger in the doctrines urged by the government than any doctrine urged by the demagogues during the world war," he said. "The rights assured the people under the tenth amendment were never intended to be taken away."

Mr. Rice argued that the prohibition amendment resulted from a misconception of the law by congress and that the federal govarnment had no authority to make such a change in the constitution as the amendment provides. Declaring that "amendment" means a correction, he said the terms of the prohibition amendment are clearly outside the purview of the constitution. Assistant Attorney General Friedson argued there was nothing revolutionary in the adoption of an amendment that lays down a "fundamental rule of law" that applies to all states.

'HOUN' DOG RACE

(Continued from page 1.)

the neck, and there is about where we sports will get ours if we depend on these gentlemen to furnish us with this much advertised banquet and dog race.

It seems as though we heard a little bird singing something like this. You can sing it to the tune the "Old Cow Died On," if you want to:

Heifner and Brown had a houn'
As swift as he could be,
He'd chase his tail, and never fail
To catch up with the flea.

H'd Chase the fox o'er hill and rocks
And bay at every hole,
O'er field and park, he'd howl and bark
And was pleasing to the soul.

He was slick and trim, and full of vim
And always on the go.
He was good for speed; always in the lead,
If you listened to Brown and Joe.

This dog would rush through the hazel brush,
And often rabbits see.
And it came to this, that hit or miss,
There was no such dog as he.

So Mart got smart and tried to start
His dog against this hound.
And now his wail, about the jail,
Is but a dismal sound.

The race we hear is in the atmosphere,
Blowing both cold and hot.

If we had ou rway, w'd quickly say,
Fire the whole blamed lot.

We never like to antagonize anyone, but when a feller works us up to enjoy a first class fox chase, after which we were expected to sit down to a feast and evening of oratory, and then cut us off like we did not amount to anything, we think we are justifiable in registering a kick, and we hope our sporting friends will join us in making them run this race and furnish us with the eats.

Yours for fair play,
STAR CARMICHAEL.

The horse editor of the Democrat-Forum has known Uncle Star for many years and have never heard his truth and varacity questioned. He has lived so long in Nodaway county and lived such an exemplary life, that we could not permit any controversy in these columns over the truth of his assertions. Like many of us who got ready for the race, also the feast, we think Uncle Star is justifiable, and if the boys are willing to come forth and produce the goods we are willing to open our columns to their endeavor, otherwise we think we have been liberal with our space in allowing them to run with their cut-out open.

By special arrangement with the County Court and the Highway Commission, I will be in my office all day every Saturday to attend to county seat road dragging matters. I earnestly request that everyone who is dragging, or wishes to drag on a county seat road, will call at the office and I will write you a new contract. We will pay you if you drag, whether you have a contract or not, but we wish to have a contract for every mile of county seat road in the county.

If anyone wishes to drag a mile of county seat road, and cannot come in, please drop me a card, designating the mile of road he wishes to drag, by section, township and range, and I will send him a contract to sign.

I also request that anyone who travels one of the county seat roads will call at my office when in town on Saturday and inform me of any badly needed improvements, and I will take the matter up with the Highway Commission. I make this request owing to the fact that we have some money on hand which we wish to disburse immediately.

I earnestly solicit the co-operation of every citizen of the county, as the Highway Commission gets no compensation whatever.

American Fence

ORIGINAL AND GENUINE

Quality

FIRST—It is made of an extra heavy galvanized wire, galvanized by special process.

SECOND—The method of fastening stay wires to line wires (known as the hinge joint) is recognized by all as the best joint used on any field fence, because should you desire to remove it, or should it become loose or damaged by stock getting into it, you need only to re-stretch it, to make your fence like new. DID YOU EVER TRY THIS WITH ANY OTHER FENCE?

THIRD—The American Steel and Wire Company put the "Genuine American Fence" out as their top notch product, and their other brands are a secondary consideration with them.

Price

There has been no change in price for nearly two years, and you will find upon investigation that our price on the "Genuine American Fence" is as cheap as any other on the market today.

We have a car arriving this week containing the field fence in various sizes—poultry wire, barbed wire, American Steel posts, staples, brace wire, and gates, and would be pleased to show this to you upon arrival.

In every roll of "Genuine American Fence" you find the sign as above.
